

## Certificate III in Individual Support CHC33015

This is a nationally accredited course designed to reflect the role of workers in the community and/or residential setting who follow an individualised plan to provide person-centred support to people who may require support due to ageing, disability or some other reason

*Do you want to make a difference in the lives of others?*

### Career Goals

If you are a compassionate, caring person who desires a rewarding career, Certificate III in Individual Support will give you the qualification to pursue your dreams. Imagine yourself as a nursing assistance, personal carer, home care assistant or community care worker.

The course focuses on delivering quality care to people in residential and hostel or independent living environments.

Classes include both theoretical and practical learning in personal care, dementia & loss and grief support, assistance with daily living activities and health and wellbeing.
